DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 3, 6 – 8 and 14 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: Kraft et al. in the U. S. Patent 6,136,654 substantially teaches the claimed invention except for plasma nitrating a nitrated oxynitride. It will take improper hindsight to suggest that the reference of Kraft could be modified to plasma treat a nitrated oxynitride.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
